

NorMac News **December 2018**

In the Paddock

Despite a seriously crappy September and October, our season seems to have finished off pretty well. I know the rain has been variable across the north east, but most have been able to get some feed packed away for next year. Yields vary, but mostly the season has been pretty kind with November rainfall being welcomed for both pastures and summer crops.

There was a flurry of activity early in November with sorghum and millet being sown to take advantage of any moisture that we had. Most of them have come through well and should be available to graze in the coming weeks.

If you want soil testing done prior to Christmas, please give Darren a call on 0457 604703. The last day for sending samples to the lab will be the 18th December.

Woody weeds are now growing extremely quickly and will need some attention in the coming weeks. As usual we have several options available to help out. Grazon DS or Grazon extra are a great option for one tank mix spot spraying. If you have either, you can tackle thistles, blackberry, Bathurst burr, Squareweed and plenty more.

Bulk Fertiliser

There are deals available now for super in particular to be delivered to farm in the new year. Please call us for options and all indications are that it will rise in price over the coming months.

Christmas Trading

Christmas day falls on a Tuesday this year. We will be open right up to Monday 24th. Re-opening on Thursday 27th. We will also be closed on Tuesday 1st Jan.

There will be no truck deliveries from Friday 21st Dec to Monday 7th January.

Deliveries

As per above, there will be no delivery run from Christmas through until the 7th January. In the lead up to Christmas, please try to stock up on all your needs before we take a well-earned break.

Christmas Hams

Last call for ham orders. Call us quickly if you want to order. Hams will be delivered to us in the week prior to Christmas, and we will contact you to pick up as soon as they arrive.

Thank you all once again for your support throughout the year. We hope you and your family have a Great Christmas and a prosperous New Year.
